SKILLS

Languages :	C++, Python, C, JavaScript, SQL
Developer Tools :	Git, GitHub, VS Code, Cursor AI
Web Development :	HTML, CSS, React.js, Tailwind CSS, Flask, FastAPI
Soft Skills :	Problem-Solving, Teamwork, Adaptability, Communication

PROJECTS

VoteWise AI | *Python, AI/ML, Generative AI* **May' 26**

- Developed an AI-based platform designed to help users understand voting-related information and make more informed decisions.
- Implemented AI-driven responses and information processing to provide users with relevant, easy-to-understand guidance.
- Designed the system with a user-friendly interface to make election and voting information more accessible.

MindEdu AI | *Python, Flask, CSS, Chart.js* **June' 26**

- Developed an AI-powered education and mental wellness platform that analyzes student journal entries and study patterns to provide personalized academic support and well-being insights.
- Implemented AI-based sentiment and risk analysis along with a personalized Study Plan Generator, helping students identify emotional patterns and create structured study schedules.
- Designed an interactive and user-friendly dashboard with progress tracking and data visualizations, enabling students to monitor study hours, engagement, and overall learning progress.

NailEdit.frr – Web Development Project | *React, Vite, Tailwind CSS* **July' 26**

- Designed and developed a responsive e-commerce style website for a nail-extension brand based on a friend's specific business requirements, focusing on attractive branding and an engaging customer experience.
- Built interactive sections to showcase different nail collections, styles, customization options, and product designs, making it easier for customers to explore and select their preferred nail styles.
- Implemented a mobile-first, visually appealing interface using React, Vite, and Tailwind CSS, with a clean navigation flow and responsive layouts optimized for smooth browsing across different screen sizes.

TRAINING

IBM SkillsBuild AI Strategy & Business Intelligence Virtual Internship **Mar' 26 – Apr' 26**

- Successfully completed a 6-week AI Strategy & Business Intelligence internship, gaining practical exposure to AI-driven business solutions and data-informed decision-making.
- Developed understanding of Artificial Intelligence, Business Intelligence, data analysis, and AI strategy, with a focus on applying technology to real-world business challenges.
- Completed structured learning and practical activities under CSRBOX in association with IBM SkillsBuild and AICTE, strengthening analytical, technical, and problem-solving skills.

CERTIFICATES

Programming Fundamentals using Python - Part 1 | Infosys **Aug' 26**
Programming Fundamentals using Python - Part 2 | Infosys **Aug' 26**
Winter Certification Program | IBM Skillbuild **Dec' 25**
TCS iON Career Edge - Young Professional Certification | TCS **Oct' 25**

EDUCATION

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology — **Aug' 25 – Present**
Computer Science and Engineering in AI & ML
CGPA: 8.0

T.S.S.M Sr. Sec. School — Ludhiana, Punjab
Senior Secondary (Class XII) — 2024 | PCM | 99.40%
Secondary (Class X) — 2022 | 98.46%
